

Bumperchute® —Model LG tailgate canopy

- Provides shade and shelter.
- Overhead coverage extends 18 inches beyond the opened liftgate to provide additional overhead protection.
- Side panels block out wind, rain, sun.
- No guy lines or anchor weights to trip over.
- Creates a cozy spot to relax and enjoy the moment or event.
- No tools needed to set up.
- Sets up in a couple of minutes—*really!*
- Compact and easy to stow.
- Entire set-up stuffs into a 26" bag.
- Ready to use any time, any place.
- Handy sewn-in label provides 6 easy to follow step-by step photo instructions.
- Side panel pockets provide additional storage for cell phones, keys, bottle opener, first aid supplies, etc.
- Patented
